

Join us on 8th of April for an information session to provide an update on the construction of the new Data Centre for Microsoft at Coedkernew.

During this information session, you will have the opportunity to learn more about the programme of works, our commitments to the community and minimizing disruption and ask questions of the project team constructing the data centre.

Data Centres provide the physical infrastructure for the technology we depend on at work and in our personal lives. Whenever you open an app on your phone, join a virtual classroom or meeting, snap and save photos, or play a game with your friends online, you are using a data centre. Local businesses, government, hospitals, and schools rely on data centres every day to deliver you goods and services.

 **8th of April 2025**  **10am-18.00pm**

 **The Parc Golf Club**
Church Ln, Marshfield, Newport NP10 8TU

If you have any questions before the session, please do contact us at newport@johnpaul.ie
